

SPRING 2021 **JA INSPIRE**
Virtual Career Expo

In a year of no field trips, JA Inspire Virtual Career Expo allows students to virtually leave their classrooms and homes to explore a futuristic world full of opportunities and optimism.

**JA INSPIRE
ALLOWS
STUDENTS TO
VIRTUALLY
EXPLORE
THEIR
FUTURES**

JA Inspire forges a critical link between school and the workplace, opening students' minds to what careers are possible and the education steps needed to achieve success.

After two explorative teacher-led JA Inspire lessons including a personalized career assessment, up to 10,000 students in grades 7-9 from all over Brevard County will be introduced to Space Coast industries representing a variety of sectors and education pathways. The event will culminate in a keynote presentation with professional panel of speakers and the opportunity for live interaction.

Email Candice at chodge@jaspacecoast.org to register your students to attend.
